

# Blondelle 2 lane Manifold, aluminium body

- Unique spindle valves, always tight without effort
- Class 1, 'A Lame Acier' gauges
- Ø 60 or Ø 80
- Dry, oil filled or pulse-free (only Ø 80)
- All combinations of refrigerants possible
- Sight Glass hook
- Available with our without the appropriate charging hoses

Supplied in a Blondelle plastic carrying case including: 3 charging hoses, red, yellow and blue; length 1 m with two 1/4" SAE fittings, optional ball valves. For R410A High Resistance hoses with Teflon gaskets. Red and blue hoses are fitted with a 5/16" nut at the curved side.

Bare body	Reference
Aluminium	FR0102

**How to read the tables?**  
 The complete designation of a manifold comprises on one hand the references of the manifold and gauge and on the other hand the reference of the refrigerants.  
 Ex: 2 lane aluminium manifold, without charging hoses, 80mm gauges, oil filled, refrigerants: R22+R134a +R404A: Manifold: FR0404; Refrigerants: E03; Reference: FR0404-E03
