

Atlas Refrigerant Charging Scale

Tools

220lb (110kg) weight capacity for even the largest service jobs

Solid state load cell for improved accuracy & sensitivity (accurate to .25oz / 10gm)

Displays weight measurements in lbs, lbs & oz, and kilograms

All metal scale construction for improved durability and longer service life

Auto shut-off after 30 minutes to extend battery life of remote

ATLAS Refrigerant Charging Scale

JB is proud to introduce the new ATLAS refrigerant charging scale designed for the HVAC/R industry. Every day users will appreciate the advanced solid state load cell for superior sensitivity (.25 oz/10gm) and accuracy. The ATLAS's 220lb (100kg) weight capacity, all metal scale construction, heavy duty plastic storage case, and hand held remote combine to make the ATLAS the best overall package in the HVAC/R industry today at a 110lb price.

Part No.	Description
DS-20000	220 lb. weight capacity refrigerant charging scale

Gas Pressure Test Kit

This diaphragm gauge scale comes complete in case with hose and hook-up fitting.

Part No.	Description
29435	Natural and LP gases. Scales 0-20 oz/sq. in; 0-35 inches of water column
29436	Natural gas only. Scales 0-6 oz/sq. in; 0-10 inches of water column
