

Function :

- ◆ Adopted forward-bending centrifugal type blade fan wheel construction, matched high efficient volute design, generating large air volume with max. 20m/s air speed, high pressure, silent running and low noise
- ◆ Metal housing, advanced fire resistance, simple installation and easy cleaning
- ◆ Adopted two design, obtaining more stable air flow
- ◆ Optimized motor with reliable performance, operating 5000 hours continuously without any defects
- ◆ Flexible control methods: swing-switch control, microprocessor soft-touch control and microprocessor remote Control, meeting different demands Horizontal Air-in design, grill appearance
- ◆ Auto-switch control and explosion prevention etc function are optional
- ◆ Various installation heights are available: 3m、3.5m、4m、4.5m

Model No.	Specification (mm)	Rated voltage (V)	Rated frequency (HZ)	Installation height(m)	input power (W)	Amp (A)	Air speed (m/s)	Air volume (m ³ /h)	Noise (dB)	Dimension (mm)	Net weight (kg)
